Leadership & Sustainability

About Us

At Leadership & Sustainability (L&S), we are a team of 80+ consultants and auditors that help companies become sustainability leaders in their respective industries. Whether you are looking to take the first step towards improving your sustainability or would like to expand your existing efforts, our team of experts are here to help you with all your sustainability needs. We offer **strategy services** as well as **supply chain related services**. We are a member of Cascale, Textile Exchange, APSCA and EOCA. L&S was founded in 2015.

Founder and CEO: Karin Ekberg

Why choose
Leadership &
Sustainability?

Supply Chain Services

Strategy Services

Strategy Services

We are **strategists & compliance experts**.

We bring extensive experience in the **textile & hardgoods industry**.

We provide **climate** solutions and insights.

We **train** and **empower** your team for sustainability success.

We offer **verification & assurance** services tailored to your needs.

Strategy Services

We are strategists & compliance experts:

Double Materiality Assessment | Sustainability Strategy Development | Strategy Implementation | Legal Action Plans | In-house Consulting | Sustainability Reporting (CSRD) | Support with Selection of Software Solutions

We bring extensive experience in the textile & hardgoods industry:

Process Specialist | Industry Expertise | Global Presence | Cascale Service Providers

We provide climate solutions and insights:

Carbon Footprinting | Climate Risk Assessments (TCFD) | Climate Strategies | Climate Action Plans | Decarbonization Plans | SBT Support | Support with Selection of Software Solutions

We train and empower your team for sustainability success:

Customized Sustainability E-Learnings | Executive Coaching | Sustainability Trainings & Workshops

We offer verification & assurance services tailored to your needs:

Cascale Higg BRM Consultations & Verifications | GHG Assurance | Assurance Readiness Checks

Strategy Project Examples

- Double Materiality assessment (according to EU CSRD), benchmarking and strategy development for several brands, retailers and manufacturing groups
- Sustainability reports and assurance of report
- Risk assessments for products and materials

- Carbon footprinting for an MNE
- Scope 3 screening studies
- SBT readiness support project

- Workshops about sustainability strategy and ISO 9001/ ISO 14001
- Webinars about multiple sustainability topics (review here: [YouTube L&S](#))
- Webinar series for a sector initiative for several brands
- Workshop about materials' and products' certifications

- More than 75 BRM verifications
- Multiple GHG assurance projects
- SASB assurance projects
- GHG assurance readiness check

Supply Chain Services

We specialize in comprehensive social audits, verifications, and training programs.

We are dedicated to excellence in environmental audits, verifications & trainings.

We lead in chemical management, providing effective trainings and audits.

We strengthen your supply chain with tailored, impactful solutions.

Our expert trainers and verifiers provide reliable, worldwide support.
