

PSCI Supplier Conference, Hangzhou

Your chance to hear case studies on how to improve sustainability in the pharmaceutical and healthcare supply chain

Ballroom, 3F, Wyndham Grand Plaza Royale Hangzhou | Hangzhou, China | September 24 – 25, 2019
No.555 Fengqi Road 310006 Hangzhou, Zhejiang Province P.R., China

Program Agenda

Our 2019 professional development conference in China will focus on best-practice sharing in the areas of Ethics, Labor, Health and Safety, Environment and Management Systems.

The two-day conference will be split into focused case study sessions given by PSCI members, suppliers and expert organizations. In these sessions we will share success stories and explore the challenges facing our industry, giving the opportunity to recognize the contributions that our partners are already making and to further develop expertise.

CONFERENCE DAY 1 – Tuesday, September 24, 2019

Common Session – Room 1 & 2

08:30 – 09:00	Registration
09:00 – 09:05	Safety Briefing
09:05 – 09:30	PSCI Board Welcome and Opening Address Birgit Isabelle Skuballa , Head HSE Audit & Supplier Management, Bayer
09:30 – 10:15	Maturity ladder The presentation will introduce management systems maturity model and explain what members are looking for in their suppliers' management systems. The maturity model aligns with the supplier audit questionnaire and allows suppliers to assess the current state of their management systems and identify areas where they may look to enhance or improve. Yi Zhang , EHS&S External Supply Manager, Johnson & Johnson
