
PSCI Virtual Supplier Conference (India)

Your chance to hear case studies on how to improve sustainability in the pharmaceutical and healthcare supply chain

WTV Portal – details to be shared in Confirmation email three weeks before the event

Program Agenda

Our 2020 professional development conference in India will focus on best-practice sharing in the areas of Ethics, Human Rights & Labor, Health and Safety, Environment and Management Systems.

The four-day virtual conference will be split into focused case study sessions given by PSCI members, suppliers and expert organizations. In these sessions we will share success stories and explore the challenges facing our industry, giving the opportunity to recognize the contributions that our partners are already making and to further develop expertise.
