

PSCI Virtual Supplier Conference (China)

Your chance to hear case studies on how to improve sustainability in the pharmaceutical and healthcare supply chain

WTV Portal – details to be shared in Confirmation email three weeks before the event

Program Agenda

Our 2020 professional development conference in China will focus on best-practice sharing in the areas of Ethics, Human Rights & Labor, Health and Safety, Environment and Management Systems.

The four-day virtual conference will be split into focused case study sessions given by PSCI members, suppliers and expert organizations. In these sessions we will share success stories and explore the challenges facing our industry, giving the opportunity to recognize the contributions that our partners are already making and to further develop expertise.

PSCI Knowledge Partners

CONFERENCE DAY 1 – PSCI Updates and Management Systems

Time Zone: Beijing, China | 8:30-12:30 Thursday, September 17, 2020

Target audience: Functional heads, Managers and Site Leaders responsible for these subject areas.

| | |
|---------------|--|
| 8:15 – 8:30 | Registration |
| 8:30 – 8:50 | <p>Welcome from PSCI and the local team (20 mins)</p> <p>Caroline O'Brien, Global Quality Audit - Hub Director Asia Pacific, AstraZeneca, PSCI Chair</p> <p>Yi Zhang, EHS&S Manager External Supply Chain, Johnson & Johnson</p> |
| 8:55 – 9:30 | <p>PSCI capability building vision and plans (35 mins)</p> <p>Supplier Capability Building is a very important part of the PSCI vision: passing on knowledge, skills and tools to you, the supply chain. We anyway were assessing our capability strategy, but COVID has forced us to evolve even quicker from our historical model with webinars and face to face events to go more online. We want to share our Big Vision, introduce the four learning levels and the Maturity Model, a multi-year plan.</p> <p>Lamy Bao, EHS Associate Director External Manufacturing, Bristol-Myers Squibb</p> |
| 9:30 – 9:50 | <p>Online learning (20 mins)</p> <p>Professor Diana Laurillard, Learning with Digital Technologies, UCL Knowledge Lab.</p> |
| 9:50 – 10:00 | BREAK (10 mins) |
| 10:05 – 10:30 | <p>PSCI Shared Audits - What have we learned about our suppliers and how it impacts our Capability Building efforts? (25 mins)</p> <p>Lei Jiang, EHS Senior Director, STA Pharma</p> |
| 10:35 – 11:05 | <p>Sharing of Pharmaron's experience in the prevention and control of COVID-19 (30 mins)</p> <p>This presentation introduces Pharmaron's work arrangement, prevention and control organization, and normalized control in the fight against COVID-19 during the global outbreak, to ensure a healthy and safe working environment for our employees.</p> <p>Liuqian Ni, EHS Specialist, Pharmaron</p> |
| 11:10 – 11:40 | <p>Updates on China REACH (30 mins)</p> <p>This presentation will share the key points from China's "Measures for Environmental Management Registration of New Chemical Substances" (referred to as MEE Order No.12, replacing MEP Order No.7) which will be effective on Jan. 1, 2021. The draft Guidance (published for public consultation by MEE) which provides implementation rules for MEE Order No. 12 will be briefly introduced.</p> <p>Lingzhen Dong, Asia Pacific Region -Product Stewardship Director, Johnson & Johnson</p> |
| 11:40 – 11:50 | BREAK (10 mins) |
| 11:55 – 12:20 | <p>PSCI Management System Maturity Model (25 mins)</p> <p>Introduction to good management systems that meet requirements of PSCI assessment, and the gaps we are seeing, plus actual examples of minimum, medium and best practices.</p> <p>Kelley Jiang, Head HSE Supplier Assurance & Risk – China Region, Novartis</p> |
| 12:25 – 12:30 | Closing Comments End of Conference Day 1 |

CONFERENCE DAY 2 – Environment, Pharmaceuticals in the Environment/AMR

Time Zone: Beijing, China | 8:30-12:30 Thursday, September 24, 2020

Target audience: Functional heads, Managers, Site Leaders of subject areas, Sourcing managers.

| | |
|---------------|---|
| 8:15 – 8:30 | Registration |
